## ABOUT YOU — SCAM ALERT!

**"THIS IS THE IRS AND WE HAVE A WARRANT FOR YOUR ARREST IF YOU DO NOT PAY IMMEDIATELY."**

A few months ago, I received an urgent sounding phone call from a very serious man with a voice of authority saying something close to the quote above. He sounded absolutely official. He commanded me to rush to the store, buy a prepaid credit card and give the information to them. If I did not act, I could be arrested and face 10 to 15 years of prison food! Yikes! You (I hope) know it was a scam. But read on -- you may know people who can be intimidated or are confused in life - help these people who need you!

**THIS IS DIRECTLY OFF OF THE USA GOVERNMENT OFFICIAL IRS SITE:** (I condensed it a bit) The IRS warns taxpayers not to be fooled by the tricks scammers use to take advantage of those they target. Scammers use fake names, provide bogus IRS badge numbers, and alter caller ID numbers to make it look like the IRS is calling. Everyone should be on the lookout for threatening calls from people faking IRS phone numbers and demands for "immediate payment," IRS Commissioner John Koskinen said. "These are scams. I urge taxpayers to stay vigilant and remain aware of the constantly changing tactics used by these criminals." Scam artists threaten police arrest, deportation, license revocation and other threats. They often leave "urgent" callback requests and sometimes prey on the most vulnerable people, such as the elderly, newly arrived immigrants, and those whose first language is not English. Scammers have been known to impersonate agents from IRS Criminal Investigation as well. Here are five things the scammers often do but the IRS will not do.

**The IRS will NOT:** \*Call to demand immediate payment, nor will the agency call about taxes owed without first having mailed you a bill. \*Demand that you pay taxes without giving you the opportunity to question or appeal the amount they say you owe. \*Require you to use a specific payment method for your taxes, such as a prepaid debit card. \*Ask for credit or debit card numbers over the phone. \*Threaten to bring in local police or other law-enforcement groups to have you arrested for not paying.

## ABOUT CHILDREN OF PROMISE—The Story Within the Story

**We received an email from a child who was sponsored by First Church of God in Oak Grove, LA. Jonathan Williams is pastor.**

William Komba was sponsored by the Oak Grove Church. William was like many children in our Tanzanian program.

He was an orphan, who lived with relatives in a one room house, needing nourishing food, and no hope of breaking out of poverty.

Now, years later, his email came saying, "Thank you, Children of Promise" as he shared his story. The letter was heartwarming and inspiring.

He started by saying it was his desire to work with Children of Promise as a volunteer. Because of the sponsorship of the Oak Grove Church, William graduated from secondary school and was able to move on his own to a secondary education. He has a degree now in education.

He moved to a particular region of Tanzania to find a job teaching so he could help support his grandparents. He knows what life can be like, to be trapped with no real way out. So he also began working with street children as a volunteer.

He hosts his own radio show about education issues called, "Back to School". (Picture above) He believes that if you want to change the world, "Education along with God is the only weapon."

But he wanted to do more—he has personally supported some street children so they could go to school. One is now in a private school studying to become a doctor.

One sponsor, one child's life is changed, but who knows how many more lives will be changed by this young man? As the old saying says, "Anyone can count the seeds in an apple, only God can count the apples in the seed!" We change lives, but who knows how many lives can and will be touched by the seeds you plant through the child you sponsor?

**Thank you, Oak Grove.**
